AMERICAN TUBULAR SERVICES ATS	QUALITY POLICY API	CODE: SIG-PO001
		VERSION: 2
		CURRENT: 2026-11-20

ATS-AMERICAN TUBULAR SERVICES S.A.S is committed to providing inspection / evaluation and certification services on drill string components and drilling, completion, production and workover equipment and tools for the oil and gas industry, ensuring compliance with applicable requirements and the highest quality standards, supported by applicable international guidelines and standards.

Our Quality Policy, defined, documented, reviewed, and approved by top management, is appropriate to the organization's strategy and provides the framework for establishing measurable quality objectives aimed at customer satisfaction, process reliability, operational safety, and the integrity of the equipment inspected and certified.

We ensure that this policy is communicated, understood, implemented, and maintained at all levels of the organization, and made available to relevant interested parties.

ATS – AMERICAN TUBULAR SERVICES S.A.S. ensures compliance with applicable statutory, regulatory, and contractual requirements, as well as the continual improvement of the effectiveness of the Quality Management System, through the adequate allocation of resources, risk management, and ongoing evaluation of our processes' performance.

Approval date: 2026 – 11 – 20
